

Auxiliary Outreach

Bulletin 4

"In a volunteer organization there has to be time for community." – Andy Stanley

There is still a lot of time left and opportunities in the months ahead so keep going and keep up the great work! If you have not done something yet, get moving!

We really want to see your Auxiliary members in action in these photos rather than a posed group shot. We want to see what you are actually doing as a volunteer in these photos. Show the Auxiliary attire as well as what the members are doing for their community. When you share these types of photos you are not "saying" you are available to help, you are "showing" your dedication to other organizations for the betterment of your communities.

If you still have questions about the Auxiliary Outreach program, you can find further information and resources about Auxiliary Outreach on our Department web site Programs page under Auxiliary Outreach including links to resources from National. Visit vfwauxwa.org for this information.

You have two items to fill out in the coming weeks:

- 1) **National Auxiliary Outreach Award #1** is due to me by March 31, 2025.

I encourage every Auxiliary to select one partnership outreach project that you have done and fill this form out. Please send it in, so I can include your Auxiliary with the list of participants from our Department to National. Those that turn this in **on time** will receive a certificate of participation directly from National. One entry will be selected for the Department of Washington and sent to National.

- 2) **Department Year End report** is due to me by April 15, 2025.

If you have any questions about these reports, either call or email me and I will help you with them.

Thank you to everyone and helping others, making a positive impact, showing we care to our community at large and helping others succeed. As I mentioned at Mid-Winter conference – "Color their success".

Loyally,

Tom Huffman
Department Chair Auxiliary Outreach
