

General Orders #3 – December 2024

Please reimburse the Department for the bonds that were paid by the Department in July 2024. Also pay attention to Audits and make sure that Cindy receives a copy as soon as the Audit is concluded.

Officer's dues that are not paid (annual) by December 31, 2024 will not be in good standing and will lose their position in the Auxiliary. This can also affect their ability to obtain a Cancer Grant if needed - heaven forbid. Also, consider converting your Annual membership to a Life membership and alleviate the necessity to remember if you've paid your dues or not! If you are 76 and above, a Life membership is \$109. That is the last time you would pay annual dues.

Remember your Health and Happiness donation and pay this in Malta under gifts or send to National Headquarters earmarking it H&H.

In Hospital donations, consider donating and remember the Check Summary when submitting to the Dept. Treas.

Consider all the Deadlines that are fast approaching - December 20th, 2024.

Cindy is having a lot of issues with applications for membership. It is important for the Investigating Committee to PLEASE look at pages 5-11 in our Bylaws for campaign medals, etc. - fill in ALL spaces legibly and make sure the birthdates and phone numbers are also correct.

Also, please let Cindy know of meetings that are changed, their times and dates as well so this data can be updated in MALTA.

I look forward to seeing you all soon at Mid-Winter in Pasco so you can meet our National Representative Erin Mezek-Spangler, National Council Member #20.

Have a joyous holiday season this year, stay healthy and happy.

Respectfully,

Sue Gregg

President
