

VETERANS AND FAMILY SUPPORT SCHOOL OF INSTRUCTION

2024-2025 YEAR

There are many Activities, Veterans Support Options and Events that are part of the Veterans and Family Support Program. Our emphasis will be to “Keep Moving Forward” as we serve our Veterans and Their Families. I hope you will work with me this year as we strive to support both VFW National Programs (NVS and Veterans and Military Support) with statewide fundraisers at each School of Instruction, Mid-Winter Conference and June Convention. The monies raised assist the National VFW and provide a wide variety of assistance in many forms to our Veterans and their families not only in our state but yes Nationwide. In addition, we will be supporting locally our Veterans and their families as we adopt units, provide support to families and members of deployed units, be a strong supporter in all areas of need to our local reserve units, provide meals and holiday support to local veterans, and certainly not the least of our support to our local “Heros in the Ballpark” events.

This is just a small list of what we as Auxiliary members can do in the Veterans and Family Support Program, this year and always.

Please see the attached page for additional information to assist you this year. I have provided a QR code for you to use to access the state web site in addition to a small list of some of the programs that NVS and Veterans and Military Support have to assist our Veterans and their families.

Marjorie Stetson

Veterans and Family Support Chairman 2024-2025
