

## Youth Activities Bulletin #5

Hello everyone!

The end of the year is here, and it has been busy! There was **SO** much amazing artwork submitted! I am very excited for everyone to see it all at convention! 77 entries made it to me, and it was an absolute joy to go over them all. However, I was very sad over the amount of artwork that did not have the corrected forms attached with them and was unfortunately disqualified.

I do want to say thank you for the opportunity to fill this position for the end of the year and thank you to everyone that has helped me learn more about it. Without the support we offer one another, we couldn't do this!

There are still opportunities to support your local youth, continue reading programs, and host fun nights for kids to get together. There are a few of you that host movie nights once a month for the kids, and that is a fantastic idea with schools releasing for the summer soon. Share whatever ideas you have! Or even co-host events with a nearby auxiliary.

With Appreciation,

Courtney Rowe

Youth Activities Chairman
