### Bulletin #3

### Young American Creative Patriotic Art and 3-D Art

The Deadline for Patriotic Art and 3D Art is fast approaching. I am looking forward to seeing the talents of the students from around our state. Please follow all the instructions and that the forms are filled out correctly with legible writing. For 3D art make sure there are multiple pictures of the art.

As a powerful symbol of our country, the U.S. Flag is often used in art entries. It can also be a source of problems for judges and Auxiliary Chairmen. When notifying schools, homeschool associations and students about the contest, give them a copy of the Federal Flag Code and encourage participants to closely examine the U.S. Flag before using it in their art.

Common mistakes that are made:

- Not enough stars or stripes.
- Stripes in the wrong order or place.
- The Flag appears to have someone standing on it, or something written or lying on it.

HINT: It is always best to portray the Flag as waving freely.

#### Packing the Art

Please take into consideration that the art entry may be very fragile and will be shipped over many miles and encounter weather conditions.

- Use the correct size packaging.
- Use paper, bubble wrap, air pillows, cushioning and/or foam shippers.
- Label the package clearly to insure deadline arrival.
- Include a photo if art is 3-D
