

## POW/MIA Day

As we strive to continue honoring our POWs, MIAs, and KIAs, let us remember the power of words. By speaking their names, we ensure that their sacrifices are never forgotten and their memory lives on. Let us embrace the National Americanism Ambassador's call to action and make a far greater impact by speaking the words "Prisoners of War," "Missing in Action," and "Killed in Action." Together, we can pay tribute to our heroes and ensure that their legacy endures for generations to come. **#MoreThanLetters**
